

**PROJECT**

Dearborn Heights

**LOCATION**

Dearborn Heights, MI

**APPLICATION**

Interlayer for waterproofing and delaying reflective cracking.

**PRODUCT**

GlasPave 50

**QUANTITY**

52,000 square yards

**OWNER AND/OR DEVELOPER**

City of Dearborn Heights

**CONTRACTOR**

Hutch Paving

**ENGINEER**

Wade Trim

**INSTALLATION DATE**

September, 2018

**PROJECT DETAILS**

The City of Dearborn Heights was seeking to extend the life of the pavement and extend their maintenance cycles on a mill and fill project.

Glaspave 25 and Glaspave 50 were considered. Glaspave 50 was selected for the performance benefits and nominal cost increase over GP25.

The project was a typical 2" mill and fill project in a residential area.

Phase 2 of the project will have an additional 30,000 square yards of GlasPave 50 installed in 2018.
